

**MAKE A DIFFERENCE IN YOUR COMMUNITY
BY PROVIDING SCHOLARSHIP FUNDS FOR A WORTHY STUDENT**

It is the desire of Logan Christian Academy to provide a quality, Christian education in a safe environment for the students of our area. We strive to nurture students to become spiritually minded, academically versed, socially balanced and equipped to make a positive impact in their community to the glory of our Lord Jesus Christ.

Our vision for the scholarship program is to provide that education to children who will take full advantage of it and who, without scholarship assistance, would be unable to attend LCA. We believe that this type of education will impact not just our students, but their families and community as well, for the cause of Christ.

In order to qualify for tuition assistance, students in first grade and above must exhibit previous scholastic achievement as defined in our scholarship application and parents must provide proof of financial need. Scholarships will be available for students ages two through five as well and will be granted based on a child's individual need.

An average cost for students to attend Logan Christian Academy for one year is \$4,000. This includes all fees and tuition. It is the policy of LCA to only provide complete scholarships in extreme circumstances. Whenever at all possible, parents will be responsible for some part of their child's tuition expense. When full scholarships are provided, parents will be required to provide some kind of volunteer service to the school.
